Who Caught What At:

Thank you for taking the time to enter your catch on the bragging boards. We enjoy reading about your success and often feel we were in the boat with you! We can imagine the thrill of catching these fish and the satisfied feeling of releasing them so they can swim away unharmed. We noticed, however, that this year our guests were not as diligent in posting their catches as in past years. A special thank you to those guests who did!

One of the last pictures taken of Jeff Maynard. Jeff suffered a stroke at the end of his fishing trip and passed away in Thunder Bay. He will be missed.

Jon Pounds rated this year's Unnamed fishing trip as one of his best. A 43 inch Northern was only one of several nice fish he caught.
